FAA ATCT: Denise Beck

From: Hank Lehrer: University of Nebraska at Omaha Aviation Institute (UNOAI)
Subject: NASA Aeronautics Day
Date: September 15, 1997

Attached is the master schedule for NASA Aeronautics Day:

Monday, September 29, 1997 10:00 am to 3:00 pm
(Rain Date is the following Monday October 6, 1997)

Please review the notes at the bottom of the schedule page. Everything is progressing well at this point and the plan is still to have approximately 150 5th and 6th grade students from the reservation schools (Winnebago, Walthill, Macy, and Santee) visit the airport on the 29th. At this point I just have to hope that all our planning has been accurate and that there will be no un-expected "events" on the 29th; however, if something comes up that we have not planned for, I'm confident that we can handle anything right in stride.

I'd like to take this opportunity to thank you for all your assistance and hard work. I think this endeavor will be a fulfilling experience for us all. If you have any questions, feel free to contact me at 402-3FLYUNO or Ms. Aimee Freeman, my NASA Research Fellow.

See you on the 29th.
